Annie: hope this finds you well. Just when you thought it was safe to put the [REDACTED] file down (you have put it down, right? You haven't been carrying it around since July, have you?), a question: can you send me the chemist notes and analysis for the oxycodone seized? The cert is [REDACTED]. What I need is a way of determining how much "actual" oxycodone was present – not the net weight of the 15 pills. Probation may not count these drugs unless we can tell that.

Oh, by the way, we convicted him. If you had testified, we would have convicted him faster, but we convicted him anyway.

Call if you want to discuss. 748-3196. Thanks – Chris

All is well. And you?

Thanks. Let me know if you need anything else for this case.

Annie
